## Parker P1 /PD

### Open Loop Pump Series

ETS is pleased to offer **GENUINE** Parker/Denison range of Hydraulic P1 & PD open loop pumps to hydraulic repair shops and MRO's serving industrial and mobile markets.

The Parker P1 & PD series medium pressure, open loop, axial piston pumps are rated for 280 BAR (4000 PSI) continuous and 350 BAR (5000 PSI) peak pressure.

Available in the following displacements:

- 018cc
- 028cc
- 045cc
- 060cc
- 075cc
- 085cc
- 100cc
- 140cc

The full range of P1/PD pump units and corresponding repair and conversion spare parts are in stock and available for purchase via ETS' Memphis facility. Additionally ETS offers control, porting and through-drive conversions of in-stock units to meet urgent customer requirements.

# ETS

World's largest independent supplier of "only" **GENUINE** hydraulic spare parts and units. With over \$35M of **GENUINE** inventory on-hand, ETS provides service repairs of hydraulic piston pumps, motors and valves for mobile and industrial hydraulics from the following OEM's; Bosch Rexroth, Parker-Hannifin, Eaton, and Hydac. ETS is based in Memphis, TN to facilitate global overnight shipping for breakdowns and urgent customer requirements. ETS recently formed a strategic partnership with REM-B Hydraulics in Belgium, to better address EU sales and repairs.

ETS offers a 24/7 stores-online service to further facilitate real-time customer needs and offers ISO 9001:2015 state-of-the-art repair and testing facilities for hydraulic piston pumps, motors and valves.

ETS is committed to serving small to midsize Hydraulic Repair Shops and MRO's efficiently and effectively, with on-hand inventory of only **GENUINE** brand products and spare parts to maintain Original Equipment Manufacturer quality, duty cycle and life span for every system and part.
