REPAIR & TEST SERVICES

HYDRAULIC PROPORTIONAL & SERVO VALVES

With over 25 years of experience repairing best in class brand Valves, customers will have complete confidence that ETS will meet their valve servicing requirements including remanufacturing and test services.

LATEST VALVE TEST STAND TECHNOLOGY

- Repair center was built using clean room technology.
- Two state-of-the-art valve test stands constructed from extruded aluminum and stainless steel to reduce any form of contamination.
- Capable of testing standard flow, pressure and directional control valves, as well as proportional and servo valves.
- Automatic or manual testing can be conducted using Lab View, and our universal control board makes it simple to select either automatic or manual test, as well as pressure, voltage, control signal, etc.
- Capable of producing hysteresis curves for differential pressure, flow, leakage, spool position and plotting frequency response curves.
